

SATURDAY MORNING CRYSTALS
RESPONSIBLE Alain Wilscam

This would be a « **SPECIAL FUN LEAGUE** » for members and non members throughout the season ...

Posted weekly sign up sheet on the bulletin board labelled Crystals - First 24 names for both men and women (no juniors and no children) get to play each Saturday from 10:00 am- 12:00 am each week.

It is your responsibility to ensure that you sign up to secure your spot in the draw.

Each Saturday morning , the organizer will remove the sign up sheet and prepare the draw, and will post the sign up sheet for the following week.

Teams will be made from the first 24 names or less on the sign up sheet. Teams will change each week.

Players on all 3 sheets will play a regular 8 end game. A 9th end will be played to determine a winner in case of a tie.

At the end of the game, players of each winning team on each sheet of ice will throw a rock to record points by counting in the house. Someone must hold the broom in the house on all sheets. Sweeping is allowed and rocks are not removed for total points. Scoring is based on any shot to **Button** 4 points, **4 foot**-3 points, **8 foot**-2 points, **12 foot**-1 point, **outside the house**-0 points. The **maximum points** possible are 16 or 4 buttons which is extremely difficult to achieve.

To determine the winning team, example after the 4 rocks have been delivered , one sheet has obtained 10 points, one sheet has 9 points and one sheet has 12 points, the winner for that Saturday morning is the team with **12 points**. The 4 players of the winning team each win a crystal glass of their choice and can try and collect 4-6 red wine glasses, or a champagne flute, etc by seasons end.

Now, **points accumulated throughout the season** for all players will be updated on the club website and bulletin board. At the end of the season, **larger crystals** will be given to the **top first, second and third player** with

the **highest cumulative scores**. These will be presented at the last Pizza lunch-crystals event of the season.
